FARM SEEDS

Dependable Since 1884

APRIL 15, 1937

Favorable weather with excellent moisture conditions is now resulting in an active demand for all Farm Seeds.

Short supplies of adapted Red Clover and Alfalfas are now apparent in more limited selections of origins and Brands.

Stocks of Alsike and Sweet Clover are still adequate to meet the increasing demands.

Timothy lower---Bromus and other grasses unchanged.

For quality Seeds and immediate service send your orders to Northrup, King & Co. or local jobbers of Sterling and Northland Brand Farm Seeds.

Dependable for over 50 years.
